

ARMAN L. PUTONG

C# & PHP Developer · Desktop & Web Systems

✉ armanputong@gmail.com 📍 Brooke's Point, Palawan, PH 🌐 github.com/namra-afk 🕒 GMT+8 · 20–25 hrs/wk

PROFILE

Software Developer specializing in C# WinForms desktop applications and PHP web systems. Experienced in building end-to-end solutions — from database schema to user interface — using C#, MySQL, and PHP. Delivered QR-based attendance tracking and student records management systems with real-world impact. Available for part-time freelance work, 20–25 hrs/week.

TECHNICAL SKILLS

Languages	C# · PHP · SQL · HTML · CSS
Frameworks	WinForms · .NET Framework
Database	MySQL · Database Design · CRUD Operations
Tools	Visual Studio · Git · VS Code
Concepts	System Design · UI Development · QR Code Integration · Reporting

PROJECTS

Attendance Monitoring System

C# WinForms · MySQL · QR Code

- Replaced manual sign-in sheets with QR Code scanning, reducing attendance logging time significantly.
- Automated daily and monthly attendance summaries with absence flagging and report generation.
- Built a secure admin panel for managing employee/student records and system configuration.

Student Information System

PHP · MySQL · HTML/CSS

- Built a web-based platform to manage complete student records — enrollment, grades, sections, and contacts.
- Implemented full CRUD operations accessible through a clean browser interface, replacing error-prone spreadsheets.
- Designed a normalized MySQL schema supporting fast search and archive functionality for large data sets.
